RAPTOR-GAMING H5 5.1 USB

Product

(pictures only for illustration – original may differ)

The **RAPTOR-GAMING H5 5.1 USB** is totally optimized to the needs of PC-Gamers. Due to the light weight, the excellent 5.1 surround-sound and the noise cancelling microphone it fulfils even the highest demands of Gamers.

The volume and the microphone are controlled through the cable integrated operating unit. Also integrated is the „Enemy-Location-Mode“™ which allows the Gamer to adjust the volume of each earcup to the individual hearing characteristics of each ear. You just hear your opponent faster and better.

The compact and light design makes the **RAPTOR-GAMING H5 5.1 USB** the perfect choice for mobile PC-Gamers and extended gaming-sessions. For protection purposes while transportation a **RAPTOR-GAMING HEADSETBAG** is included in the delivery content.

With the additional 5.1 USB soundcard you experience your games in full and strong surround sound.
